Threading

The GTi Threading course covers how to give a full Threading treatment and covers the history, and technique of the treatment. It also includes detailed technique modules which show you how to carry out a Threading treatment. The course also shows you how to adapt your treatment to suit varying clients' needs. Resources with clear diagrams and images are included to give you the best possible learning experience. Reception, consultation and aftercare guidance is covered as well as contra-indications to treatment. The course includes online theory as well as a practical training session at a location of your choice, designed to give you the confidence and ability to offer a full threading treatment.
